## STOCK BROKERS FAIL

Announcement of Three Suspensions Causes a Stir on Wall Street.

### DOMINION SECURITIES COLLAPSE.

The Brokerage Concerns of Offenbach & Moore, Henry Brothers and Lockwood, Hard & Company Are Forced to the Wall.

New York, May 5.—The developments of the latter half of last week in Wall street in connection with the stocks of the Dominion Securities company, the Rutland Railroad company and the Hackensack meadows company resulted in the announcement in rapid succession of the suspension of stock exchange brokerage houses. The first firm to declare inability to meet obligations was Offenbach & Moore. Henry Brothers and Lockwood, Hurd & Company, followed rapidly. Offenbach & Moore were known principally as traders in what were known as "Webb-Meyer" securities and the announcement was made Saturday that they had experienced some difficulty in securing loans to enable them to carry stocks for the interests for which they represented. On Saturday afternoon a statement was made in behalf of the firm to the effect that temporary arrangements had been made and that it was hoped funds might be obtained to pay off obligations and continue business. The suspension shows, however, that these hopes were not realized. The offices of Offenbach & Moore were not opened for business a. day. Mr. Morgan of Henry Brothers, whose suspension followed that of Offenbach & Moore, was a Director of the Dominion Securities company.

The stock market opened weak with the knowledge that a number of failures were imminent. Support was accorded the market, and there were some rallies, but when sales under the rule for suspended houses were made the market gave way again. The high prices stocks which had been under recent manipulation were the severest sufferers.

On the curb, where no stock exchange securities are traded in, there was an excited group of traders trying to make sales in Webb-Meyer stocks. Dominion securities, which sold last Friday at 118½, and on Saturday at 70, was offered at 70, but the best bid was 20. Later it was offered at 50, and the bid declined to 10. Hackensack Meadows was offered at 40, with no bid. On Friday it sold at 79. Dr. W. Seward Webb, president of the Rutland Railroad company, arrived here from Shelburne Falls, Vt. It was said at this office that a statement on his behalf would be issued some time during the day.

Dr. Seward Webb was in conference during the morning with A. L. Meyer, Henry L. Sprague, an attorney, and Benjamin P. Moore of Offenbach & Moore.

Henry Brothers made an announcement after their suspension to the effect that their embarrassment would be but temporary, that they were solvent, and that they had suspended for the time being in order to protect their customers.

Announcement is made that Dr. Webb has resigned from the International Power directory. President Hoadley said that the resignation will doubtless be accepted.

### Havemeyer Finishes.

Washington, May 5.—President Havemeyer of the sugar refining company continued his testimony before the committee on relations with Cuba. Mr. Havemeyer said that if the tariff on sugar was reduced 20 per cent neither the trust nor the consumer would get the benefit of it because the price would immediately advance to offset this action. Senator Teller insisted that the trust had the power to say to the Cuban, "We won't buy your sugar unless you put it at a certain figure." Mr. Havemeyer contended that this was not so. He was excused from giving further testimony unless the committee should decide to summon him again.

### Cuban Congress.

Havana, May 5.—The Cuban senate and house of representatives assembled at noon in the palace. Governor General Wood made an address wishing the legislature success in the work they were about to enter upon. He informed them that no legislative power would be vested in congress until after the formal transfer of the government. Their work was now to pass upon credentials and to inform the military government officially who had been selected president and vice president.

An immigrant train was wrecked on the Baltimore and Ohio, near Rockwood, Pa., killing two and injuring 45.

### MRS. SOFFEL

Pleads Guilty to Charge of Assisting Prisoners to Escape.

Pittsburg, May 5.—Mrs. Kate Soffel, the wife of Warden Soffel of the Allegheny county jail, who figured in the sensational escape and recapture of the Biddle brothers last January, was called into court and entered a plea of guilty to the charge of aiding and abetting in the escape of prisoners. She will be sentenced next Saturday. The maximum penalty is two years in the penitentiary. The court room was crowded to the doors, many women being present and much curiosity to see the prisoner was manifested. Mrs. Soffel entered the room with a firm step. She was accompanied only by her physician and attorney. They made a special request that none of her relatives be present during the trying ordeal.

She was dressed neatly, unveiled, and appeared to have entirely recovered from the wounds received during the battle between the bandits and officers.

During the preliminaries incident to the opening of court she showed little embarrassment, and talked freely with her attorney and physician.

### Hanna Confers With Cassatt.

Philadelphia, May 5.—Senator Hanna, who had been the guest of Clement A. Griscom at the latter's country seat in Haverford, a suburb, since Saturday, left for Washington over the Pennsylvania railroad. Senator Hanna was in conference with A. J. Cassatt, president of the Pennsylvania Railway company, for more than an hour previous to his departure. When asked for an expression of opinion concerning the situation in the anthracite coal region the senator said: "I can add nothing pertinent to what I have already said. The situation as is apparent to every one, is very grave. It would not, I think, be wise to discuss the matter now."

### Two Desks in Black.

Washington, May 5.—Two desks were draped in black and covered with flowers when the house met. One was the old familiar place occupied by Representative Amos J. Cummings, whose public funeral was held in the house Sunday, and the other was that of Representative Peter J. Otey of Virginia, whose death occurred at Lynchburg. Dr. Couden, the blind chaplain. In his invocation, dwelt upon the double affliction that had come upon the house, and prayed for the family and friends of Mr. Otey.

### Shot His Sweetheart.

Chicago, May 5.—Howard Hill shot and fatally wounded his former sweetheart, Mary Boyer, and then committed suicide by taking carbolic acid. Both are colored. They had been engaged to marry, but the engagement was recently broken off. When Hill opened the door of the flat where Miss Boyer was living he found it guarded by a burglar chain. Miss Boyer, attracted by Hill's cry for help, appeared, however, and the colored man opened fire through the aperture.

### Gates Denies It.

New York, May 5.—John W. Gates, who has arrived here from Chicago, is quoted as denying the reports that he and his associates have acquired control of the Chicago, Indianapolis and Louisville railroad (Monon), by purchasing \$3,000,000 worth of stock in the open market and by the purchase of \$6,000,000 worth of stock additional from Samuel Thomas. "Nothing in it as far as I am concerned," said Mr. Gates.

### Is Still Weak.

New York, May 5.—Dr. Keyes, who is attending Archbishop Corrigan, said: "The archbishop's condition does not warrant a bulletin. He is still very weak, but the pneumonia has disappeared." Father Curley, the archbishop's secretary, said that the grave feature of the case is that the archbishop does not regain his strength, as has been hoped by his physicians.

### Heart on Wrong Side.

New York, May 5.—Examiners for a life insurance company have found that John P. Stafford, a Brooklyn schoolteacher, has his heart on the right side. The doctors declared Stafford to be perfectly normal in every other respect, and decided to take him as a risk.

### Adopted by Reichstag.

Berlin, May 5.—The reichstag adopted what is dubbed the "tariff committees pocket money" bill. The Radicals and Social Democrats voted with the minority. The measure authorizes the payment of 2,400 marks to each member of the tariff committee.

### Mr. Bundy Selected.

Washington, May 5.—The president named William E. Bundy United States attorney for the Western district of Ohio. Mr. Bundy is Senator Foraker's brother-in-law.

## A SOLID BACKGROUND

Of Pink Carnations In the Auditorium Where the Club Women Meet.

### FEAST FOR EYES OF THE FAIR ONES.

The Flower Feature Which Has Been the Distinguishing One of the California Convention Has Been a Success.

Los Angeles, May 5.—Club women were treated to a floral surprise. When they entered the great auditorium, which last week was decorated with 60,000 calla lilies, they were greeted with the odor of thousands and thousands of pink carnations, which had replaced the lilies as a solid background to the platform, and as a border to the two balconies. The local committee was up at daybreak, and with a corps of assistants accomplished their task of decoration.

This flower feature, which is such a distinguishing work of the California convention, began by local committees meeting trains at outlying stations with loads of bouquets. Almost every day during the convention bunches of blossoms are handed around, while the delegate who does not receive from some source a bouquet or a box of oranges at intervals belongs to the "order of the overlooked."

Mrs. Lowe's room, moreover, is a flower bower from morning until night.

There is an air of expectancy of every face, for there is a probability of the color question cropping out.

The first big business session was on and the report of the committee on reincorporation, headed by Mrs. Mary Lockwood, brought lively developments.

### Stole the Bride.

New York, May 5.—Wee Lung Fong, a beautiful Chinese girl, who was brought to New York three weeks ago to become the wife of Ling Foy, a wealthy tea merchant, has been kidnapped by highlanders, and intense excitement prevails in Chinatown. The wedding ceremony was to have been performed at the joss house in Mott street, at midnight. An agent was sent to China, where the girl was purchased from her father for \$800. She reached New York three weeks ago in the care of the emissary and was placed in the hands of a resident of Mott street, who was instructed to allow no person to see her. Shortly after the news of the approaching marriage was spread through Chinatown Ling Foy was approached by a committee of the highlanders and asked to contribute \$1,000 for a general merry-making among the people. The merchant flatly refused.

### Mayor Jones Won't Be Ousted.

Toledo, May 5.—Mayor S. M. Jones, who is also president of the board of police commissioners, refused to surrender the police department to the new board of police commissioners created by an act of the legislature and appointed by Governor Nash. A demand was made upon him by President Knisely of the new board, and the mayor positively refused to grant the request or recognize the authority of the new board. He takes the broad ground that there is no authority superior to the will of the people, and he refuses to recognize the right of legislature to oust a board elected by the voters of the city.

### Death of Major Wagner.

New York, May 5.—Major William Wagner is dead at his home at Short-hills, N. J. He was a member of the military order of the Loyal Legion of the United States, having served with distinction as a major of cavalry in the civil war. Major Wagner was born in Philadelphia, and in 1870 went to Colorado. He was one of the founders of Colorado Springs, and remained for years one of its foremost citizens, being the first mayor of the city and the first president of the El Paso club.

### Passed by the Senate.

Washington, May 5.—Soon after the senate convened the bill changing the terms of the circuit court of the United States within the first circuit was passed. Other bills were passed as follows: Relieving Harry C. Mix from the payment of \$1,000 recognizance for the appearance in court of A. F. Holt; authorizing the construction of a bridge across the Savannah river from Alkon county, S. C., to the main land of Richmond county, Ga.

### Money For Banks.

### FIRE IN A FACTORY

Causes the Death of Two People and Injury to Others.

New York, May 5.—Two persons perished and several were injured in a fire which gutted the building occupied by the Eureka Bedding company. The dead are Emma Bolteher, 18, and John Lynch.

The injured are Ethel McGrath, burned, fatally; Katie Wadsworth, contusions of back and internal injuries, caused by jumping from the fourth story; Annie Gilroy, sprains and bruises, caused by jumping from the fourth floor.

The fire started on the first floor by sweeping loose cotton over the floor, and it is supposed that the stuff was swept over a lighted cigar. The cotton burst into a blaze, the stair heads were on fire and in an instant the fire spread throughout the four floors and mounted upward. A panic ensued. Disregarding the fire escapes, many of the employees jumped from rear windows to the roof extension. It was in this way that Miss Gilroy and Miss Wadsworth were hurt. The bodies of Miss Bolteher and Lynch were found on the top floor, death having resulted from burns and suffocation.

### Testimony of Evans.

Washington, May 5.—The senate Philippines commission heard Daniel J. Evans, formerly a private in the Twelfth infantry, who testified to seeing the water cure administered to two insurgents in northern Luzon to compel them to give information concerning concealed arms. The information was obtained. He said he saw Private Frank Koehler of the regiment give a water cure to a victim 40 times. Aside from the water cure the prisoners were treated humanely by the United States soldiers. The command decided to summon Koehler and adjourned to Tuesday.

### Arrested For Murder.

Hopkinsville, Ky., May 5.—Claude Brodshaw, colored, was arrested on the charge of murdering his brother-in-law, Daniel Butler, whose body was found mangled by a train. The coroner's investigation developed that Butler had been shot twice in the head. The body had been placed on the track to hide evidence of the crime. Brodshaw discovered the body and told an improbable story about his own movements. Butler's is the third body found on the railroad near the city on successive Sundays.

### Blown Up by Gas.

Marion, Ind., May 5.—A building in South Branson street, occupied by Fessler's drug store, Rowan's grocery, John Dilday's saloon, John Darnell's saloon and Hudson & Otis' restaurant, was demolished by natural gas, injuring at least a score of people. A number are badly injured. The building was entirely demolished and the loss will reach into the thousands. Escaping natural gas is supposed to be the cause of the explosion.

### Court of Inquiry.

Washington, May 5.—At the suggestion of Captain Dayton of the Chicago Secretary Moody has authorized that officer to convene a court martial of inquiry to examine into the matters connected with the arrest and imprisonment of the officers of the Chicago at Venice. The personnel of the court is not known here.

### Death of Mrs. Pelot.

Huntington, W. Va., May 5.—Mrs. Sarah Pelot of Louisville, who was on a visit to her son here, is dead. She was with the treasury department of the Southern Confederacy during the civil war, and all of the Confederate money bore a song written by her husband. She was 70 years old.

## SUSPENSE AT THE LOO.

Grave Anxiety Felt Over the Condition of Queen Wilhelmina.

### ROYAL HOUSEHOLD UP ALL NIGHT.

Telegrams of Inquiry From All Parts of the World—Happy Event Will Not Be Realized Next September.

The Hague, May 5.—"It is a great disappointment, but the queen is saved." Such is the general feeling regarding the sad event of Sunday evening. The extreme seriousness of her majesty's condition was closely connected with the acutely infectious malady from which she was convalescing, and this complication involved imminent danger of her death. The operation necessitated under such conditions was performed without difficulty and without serious complications.

The Hague, May 5.—A message from Castle Loo says Queen Wilhelmina is still alive. None of the doctors attending her majesty left the palace Sunday night, and neither the queen's mother nor the prince consort went to bed. The confinement of the queen was long and difficult and artificial means were resorted to. The more reassuring tone of the official bulletin did little to allay the apprehensions of the public regarding the condition of the queen. The streets are dotted with despondent groups of people anxiously discussing the exceedingly scant information permitted to leak out. The officers of the official newspapers were besieged with inquiries and surrounded by people awaiting bulletins. Telegrams of inquiry arrived from all parts of the world. All the foreign diplomatists either personally called for news or sent their secretaries to make inquiries about her majesty's health.

As has been feared, the illness from which Queen Wilhelmina is suffering put an end to the hopes for a happy event, the realization thereof was expected in September next. All things considered, her majesty's condition is satisfactory.

It transpires that the first disquieting symptoms in the queen's condition manifested themselves during Saturday evening. An urgent summons was dispatched for an accoucheur, who remained at her majesty's bedside all night long and summoned Dr. Roessingh and Professor Konwer, the gynecologist of Utrecht university, who arrived at Castle Loo. The symptoms of complications became more and more pronounced and the condition of the queen was considered extremely grave.

The most critical time was reached between 10:30 and 11 p. m., and there was no relaxation to the extreme suspense of all present in the sick room until the doctors, at about midnight, were about to announce that the accouchment was over. The statement that, in spite of great pain, her majesty's condition was relatively satisfactory, considerably lessened the anxiety of the queen's relatives and attendants. This feeling of relief was increased by the departure of Professor Konwer from the castle and the wording of the afternoon's bulletins.

### Jiminez Government Overthrown.

Puerto Plata, San Domingo, May 5.—The insurgents have obtained possession of the entire republic, with the exception of this town. Governor Deschamps declares he will not surrender Puerto Plata without an official notice from the government. Governor Deschamps is said to have been an aspirant for the presidential office, and has been bitterly opposed to the present revolution. He has caused the arrest of Charles Loinaz, the Norwegian vice consul in Puerto Plata, on the charge of having conspired to overthrow the Jiminez government. The consular corps has obtained the release of Mr. Loinaz. Vice President Horacio Vasquez has overthrown the government of President Juan I. Jiminez after field operations of less than two weeks.

### Bill of Equity Revised.

Washington, May 5.—S. H. Bethea, United States attorney at Chicago, and William A. Day, special assistant attorney, who are here, had a conference with Attorney General Knox on the subject of the beef combine. Mr. Bethea and Mr. Day presented to the attorney general the text of a bill in equity which they had prepared under his instruction, and this was carefully gone over. The attorney general has revised the bill in a number of important particulars, and it is now expected it will be sent to Chicago some time during the present week to be filed in the office of the clerk of the court there. After the bill has been filed it will be made public.

**AN OBJECT LESSON ON TRUSTS.**  
 "The people needed something like the beef trust to bring home to them the iniquity of the whole system of trusts," remarks the Cynthiana Democrat. "For several years they have paid tribute to the robber barons, but it was not felt directly. High tariff had forced up prices on manufactured articles and cut off competition until the people had been educated to believe they were paying legitimate rates. Now the stomach of the working man is touched. The 'full dinner pail' is full of dry wind and Republican monstrosity is driven home. President Roosevelt has ordered Attorney-General Knox to proceed at once against the beef trust. If the President is sincere, he will order his royal satellite to proceed with equal alacrity against the sugar trust, the iron trust, the coal trust, the railroad trust, the senate trust, the house trust, J. Pierpont Morgan, Mark Hanna, and all the other agencies of evil that wring from poor people the last penny of their earnings. We believe, however, that whether the present administration does or does not end its investigation in a 'bluff,' the people—the voting people—have been aroused and the Republican party will feel the effects at the polls. It is very probable that the Democrats will elect a majority of the House of Representatives next fall, but their hands will be tied by the Republican Senate and President. To 1904 the people must look for relief."

**Success Follows Advertising.**  
 There is a common saying that the man who advertises never is sold out by the auctioneer. This scarcely is true, but it is true that the careful man of business who advertises judiciously does not fail in business, has no receivers appointed to close out his affairs and has no occasion for the services of the auctioneer.—National Advertiser.  
**A CASE OF IT.**  
 Many More Like it in Maysville.  
 The following case is but one of many similar occurring daily in Maysville. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive evidence.  
 Mrs. R. Wallingford of 220 January street says: "Doan's Kidney Pills which I got at J. Jas. Wood's drug store, corner of West Second and Market streets, proved of such great benefit to Mr. Wallingford that he did not consider it necessary to take more than one box to cure him of backache which had annoyed him for some length of time. My father also used Doan's Ointment and is enthusiastic in its praise."

**EXPERT OBACSMEN**  
 Open the Safe in Lake Shore Freight Office at Cleveland.  
 Cleveland, May 5.—Three masked and armed safe crackers blew the safe at the Lake Shore freight depot and secured an unknown sum of money, thought to be about \$500. The robbers had a violent struggle with the nightwatchman, and after overpowering him he was bound and gagged. Then the men took from him everything he had before proceeding with the drilling of the safe. The safe was badly wrecked. No clew.  
**Murder Suspected.**  
 New York, May 5.—With nothing to indicate her identity except the initials "F. M.," on the inside of the plain gold wedding ring, upon the third finger of her left hand, the body of a woman has been found in the East river at the foot of Seventy-sixth street. The police, after a superficial examination of the body were strongly of the opinion that murder had been committed. An autopsy will be performed to determine the cause of the woman's death.

The Mayor reported \$189 received during month for license.

Permits were granted as follows: John Y. Dean to erect a porch at south end of his residence on Forest avenue; J. H. Dersch, to erect a frame kitchen at rear of his residence on West Second street.

The Mason County Mutual Telephone Company presented a petition asking for a franchise to erect poles and lines and operate an exchange in this city. Council was asked to sell such franchise at public auction. Messrs. Eitel, Dersch and Purnell thought there were too many poles on the streets now, and were in favor of laying the petition on the table. Mr. W. H. Means called a halt to such hasty and discourteous action, and reminded Councilmen that some of the best people of the county were backing this new company. They were asking for permission to come into the city and do business with us, and they at least ought to be treated courteously. City Attorney Wood said the petition was not properly drawn in that it failed to file a schedule showing the streets to be covered. The matter was referred to the Propositions and Grievance Committee, to report at next meeting.  
 J. B. Burgess, F. Devline and Robert Ficklin were elected Tax Supervisors.  
 W. G. Heiser was elected trustee for the Greenwood Library from Board of Education.  
 A brick crossing was ordered down at Fourth and Market and two at Second and Short streets.  
 Pavements were ordered put down on

north side of Forest avenue from Mrs. Geo. T. Wood's to Union street, where not already laid.

The work of caring for January Park was placed in hands of Captain John E. Wells.

The Water Committee was directed to have water turned on at Market street fountain.

Chief of Police Donovan was directed to order property owners on Second from Wall to Short to repair the street curbing.

City Clerk Daulton reported that the Assessor's books had been turned over to him by Assessor Stewart.

Three emergency bonds, each for \$500 were ordered sold to provide funds for current expenses.

In reference to the trespass on Wolcott property the Committee on Alms reported the city had no title to the property, but simply the right to collect rents. The committee recommended that the city have nothing to do with the litigation over the property, but leave Messrs. Devine and Myall to pursue their remedy in court, at their option. Report adopted.

The Committee on Railways recommended that the C. and O. be required to replace the six "deadmen" covered up by the railroad along Front street. A paper giving the exact location of these "deadmen" was filed with the report. Adopted.

W. R. Logan, Grand Chancellor of the Knights of Pythias, this week commences the holding of district meetings, the first at Russellville, Ky., and which continues over the State until fourteen have been held. The order's net gain in Kentucky for March was seventy. The membership of the order in this State numbered 6,785 on January 1st, 1902. The membership in the United States January 1st, 1902, was 540,180.

President Burris A. Jenkins, of Kentucky University, will deliver an address at the Christian Church, Maysville, May 18th, at 10:45 a. m. and at Mayslick, May 18th, at 7:30 p. m., in the interest of the woman's chair of Kentucky University. The ladies of the committee from the Beasley Creek, Washington, Maysville and Mayslick churches are requested to secure as large a hearing for President Jenkins as possible. The Christian women of Mason County now have an opportunity to help in this noble enterprise—the endowment of a "woman's chair" to be perpetually filled by a Dean of women. This is the most progressive step ever undertaken by a Kentucky college in favor of coeducation, and it will not only add to our educational interest, but to the interest and influence of the church. There have been some liberal donations to the endowment, but to raise the \$25,000 many counties must come to the rescue. President Jenkins has met with both success and sympathy in the work, and it is hoped that the women of Mason County will follow the example set by our sisters of other counties.  
 Mrs. B. W. BURDETT,  
 Chairman of Mason County Committee.

That because we make a specialty of selling the very finest ready-to-wear Clothing that is produced by the best manufacturers in the world, that we overlook the needs of those of modest means or economical views on the subject of dress.

Our Young Men's and Men's Suits that range from \$6 to \$12, you will find the best values you ever looked at. The same attention in make, fit and trimming is accorded to these priced Suits as to the high class, BUT you know that not a garment leaves our house that is not guaranteed to give satisfaction.

The weather suggests Flannel, Serge and Crash Suits. Let us show you what we have in hot weather Clothing. Soft Shirts are now in order. No line like ours west of the Allegheny Mountains. But why enumerate? Ours is the store which dresses you from the foot up to the head, in a manner satisfactory to US and when WE are satisfied YOU will be too. There is a rule in our house that is NEVER violated and that is, that no garment goes out of the store that is of doubtful fit. That this rule is appreciated is evidenced by the fact that since the weather turned reasonable we were hard put to wait on the crowds that flock to our two stores.

### A GOOD CITIZEN GONE.

Death Claims Mr. R. A. Toup—Had Been Ill Over Two Years—End Came Monday Afternoon.

Mr. R. A. Toup died Monday afternoon at 12:50 o'clock at the family residence, 427 Forest avenue, of paralysis, resulting from sclerosis of the spinal arteries. For two years and six months he had been a patient sufferer, his health gradually declining. Though in feeble health he was able to go about the home and premises until Sunday, April 27th. That night about 1 o'clock he was stricken with paralysis, lingering until Monday at 12:50 p. m. when he passed into rest, the end coming as peacefully as if sinking only into a gentle sleep.

Robert Adolphus Toup was born at Martinsburg, Va., May 25th, 1825. He came to Kentucky in 1849, resided in Fleming County and next at Midway, Ky., for some time. In 1855 he became a resident of Mayslick where he spent ten years in the saddle and harness business. At the close of the war he resided for a time in Covington, then spent a few years on a farm near Orangeburg, moving to Maysville in 1876 where the rest of his life was spent, and where he was engaged in the saddle and harness business until failing health compelled him to retire. Mr. Toup was married twice, his first wife being Louisa Oliver, of Midway, and his last, who survives him, Sarah J. Kennan, of this county. His wives were cousins, both being granddaughters of the Kentucky pioneer William Kennan. He leaves five children, all by his last marriage, three sons,—John K., of Los Angeles, William K., of Burlington, Iowa, and Robert, of this city, and two daughters,—Mrs. Charles Nute, of Cincinnati, and Mrs. M. F. Marsh, of this city.

Deceased was an exemplary citizen in all the walks of life. A man of sober judgment and strong convictions he was ever loyal to what he believed was right. Scrupulously honest and of the strictest integrity in all the affairs of life, even to smallest details, he commanded the respect of the community and enjoyed the love and esteem of a wide circle of friends.

While a resident of Mayslick he united with the Christian Church and had been a faithful member ever since, serving for a time as a Deacon of the Maysville church. He had also been a loyal member of DeKalb Lodge No. 12, I. O. O. F., since 1875, and will be interred with the honors of the order.

The funeral will take place Wednesday afternoon at 2 o'clock at the residence, Elder R. E. Moss officiating. The services will be under the auspices of DeKalb Lodge. Interment in the Maysville Cemetery.

Elder R. B. Neal, of Kentucky, has been asked to become financial agent for the Christian University. During June he will hold meetings in Bath, Clark, Powell, Lee, Wolfe, Bourbon, Montgomery, Rowan, Carter, Boyd, Lawrence, Greenup, Lewis, Bracken, Robertson, Madison, Mercer, Boyle and Pulaski counties.

If you want to purchase the purest and best goods on earth go to G. W. Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Maderia, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

Samuel Chambers, infant son of Dr. and Mrs. Edwin Matthews, died Monday about 1 o'clock p. m., of whooping cough, aged nine months. The remains were taken to Flemingsburg this morning, where the burial will be this afternoon, with short funeral services at the grave by Rev. Cleon Keyes. Their many friends deeply sympathize with the stricken family.

The Vaught Comedy Company was greeted by a large crowd at their initial performance in this city last evening. The troupe is composed of some fair talent, and the play was well received. The members were possibly not seen at their best, however, due, no doubt, to the antics of a noisy infant in the audience, which actually brought the play to a stand-still at one time.

### PROF. HENRY LLOYD.

Brother of Mrs. John C. Adamson Honored With a Chair in Kentucky University.

[Lexington Democrat.]

If the recommendations of the Executive Committee of Kentucky University are accepted by the curators at their meeting in June, there will be three changes in the faculty of that institution next school year. The changes come about on account of the retirement of several professors from the university.

Prof. R. H. Ellett, who has most acceptably filled the chair of mathematics for some years, has decided to preach again and will relinquish his chair at the close of the year. The Executive Committee recommends as his successor Prof. Henry Lloyd, of the University of Chicago. Mr. Lloyd is well known here. He is a graduate of the Kentucky University, and since his graduation has carved a name for himself in the great university of the Western metropolis. After a course of study at Chicago, he taught in the Lewis Institute of Chicago, and later at the Orchard Military Academy of Michigan. He returned to the University of Chicago and was given a fellowship and was later made an instructor. When the Spanish war broke out, he was the first one to enlist and it was he who led so many of the U. of C. students to Cuba, where they fought with great credit. Returning to Chicago he again took up his duties and has steadily grown in the good graces of the university. President Jenkins thinks that he will do most creditable work here.
